The value of month: Adherence to Law

The person who shows this value is someone who respects laws, values the importance of laws to protect the rights of citizens. Acts as a citizen. Acts respecting duties, not only as a defender and favoring the dissemination of laws more closely linked to their personal reality.

The student will be respectful of school rules and regulations and the rules and regulations established by his parents.

A POEM FOR MOM

*Your gaze of love discovers what others do not
want to see.*

*Your nobility makes you appreciate what
others despise.*

*Your selfless love makes you defend the little
ones that others attack or belittle.*

*Your presence awakens confidence, love of
life.*

and hope for a better future...
